Playmat: RED ZONE
*Large playing mat with non-skid rubber
back for playing collectable card games*
Size: 40*60 cm

Stock #

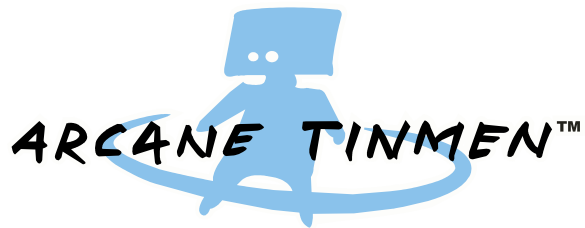

20107

The inspiration for this mat is from the Pro Tour circuit's feature match tables that have the top painted red and the bottom part of the table painted green.

Attacking creatures are placed in the red zone - that way it is easy for all players to see what is going on (even if the creatures do not tap while attacking).
